### **Welcome to the Ghana Fishing Experience**

**S**et aside the pressures of your regular life for a few days and indulge yourself in our Ghana Fishing Experience.

Discover a slower, more relaxing way of life - a breathtaking, natural world filled with the most captivating, cultural treasures.

If you haven't been before you're in for a trip of a life time. Words cannot describe the experience you will have. I can only give you a brief insight into the sights and sounds of Africa, the memories will remain with you forever.

Despite all my years of living and working in Africa, I am still amazed and fascinated at just how simple and stress free day-to-day life can be once you are away from the city

Meet the team:

Efe, Den, Joesph and Janette

**New attractions coming soon!**

### **ADA - Salt water fishing**

**A**ll the equipment is provided and you will be using a seven foot Celtic roller tip rod. This is a tried and tested sturdy piece of equipment capable of handling all types of game fish from the 20lb yellow fin tuna, to the varieties up around the 150lb weight. The reel is a large 6/0 Penn with either 100 or 200lb braided line. The method of fishing on this occasion is trolling using various types and sizes of lures imported specially from USA.

This is a relaxing way of fishing giving you the chance to observe local life, take pictures, and appreciate Africa in its most simple and beautiful form.

## **AKOSOMBO - Fresh water fishing**

**Y**ou will either go out in a covered boat (advisable if not used to the sun) that looks like the Africa Queen, or if you are brave enough you can take a canoe and be paddled out into the river by your own gillie.

The equipment is there ready to go. You will use a thirteen foot 3.5lb T.C rod with a Penn 116 reel. The line will be 80lb braid. This can be fished either static float, or moving drift float, using the reel as a centre pin or ledger with static bottom baits. The tackle may seem a bit heavy for most of the thirty species in this river, some being the size of a small roach, but it is possible to hook into a monster mud or cat fish weighing in at over 150lbs!

All the bait and chum will be provided for the day and there will be refreshments on the boat should the sun dehydrate you.
